

**Journal of Theoretical, Computational and Applied Mechanics**

## Fair open access

- JTCAM is owned and controlled by the scholarly community as outlined in the Constitution.
- The authors retain copyright of their works, which are published under a standard open access license as outlined in the Editorial Policy.
- All articles are assigned a DOI and are freely available to the public at no cost for the authors.
- The JTCAM overlay journal is housed in the Episciences platform.

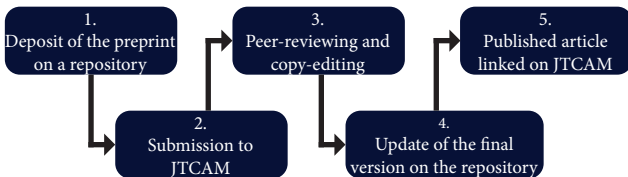

## Aims & Scope

The JTCAM is a scholarly journal, provided on a Diamond Open Access basis, without cost to both readers and authors. The Journal aims to select publications of the highest scientific calibre in the form of either original research papers or reviews.

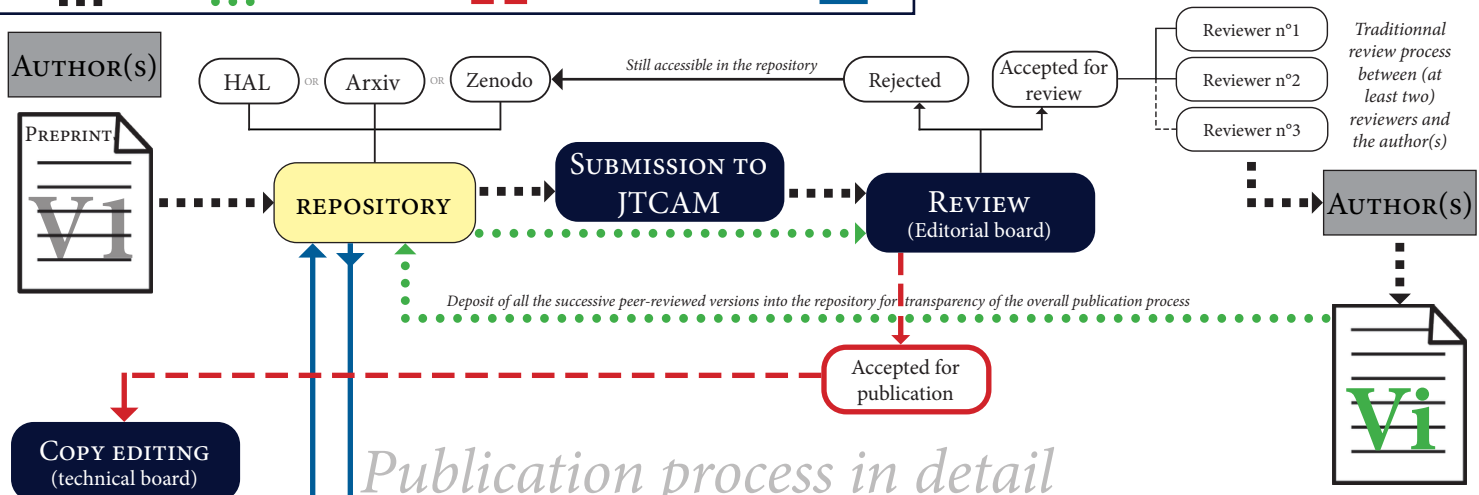

The focus is placed on contributions of fundamental importance in the broad domain of solid mechanics, mechanics of materials and structures. The journal aims to achieve a balance between theoretical, numerical, applied and experimental research.

## Publication process\* in an overlay journal

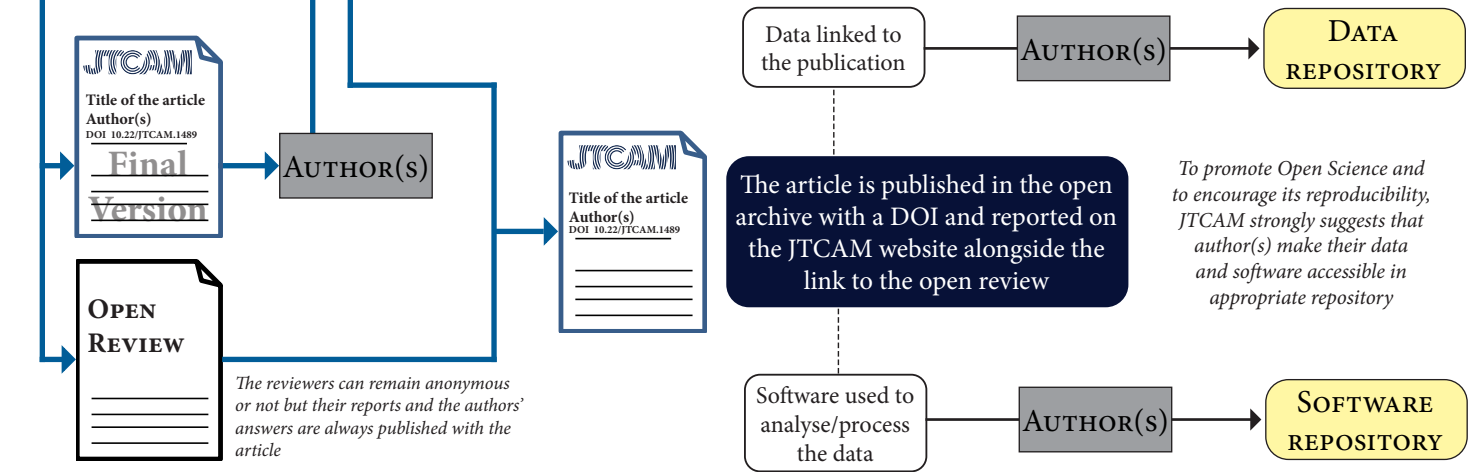

*\*For the detailed publication process of JTCAM, see the following page*

Legend : **First step**, then **second step**, repeat until **acceptance for publication** and then **final step**

## Publication process in detail

## Benefits for author(s)

1. Increased visibility (via search engine harvesting)
2. Diamond Open Access (free for both authors and readers)
3. Transparency of the publication process (Open peer review)
4. No copyright assigned to the publisher
5. Licence CC-BY (to allow reuse of the content)
